## SB 0207: ZODIAC

Two (2) sample thread sizes were prototyped for this pattern:

### #5 Pearl-Weight Thread

Aunt Lydia's Fast Five Crochet Thread, Gold/Gold. Approx. 300 yards per placemat.

Hook Size: #5.  
Finish size (without fringe): 16½ x 10¾ inches

### #10 Bedsread-Weight Thread

Coats Knit-Cro Sheen, Cream w/Maroon Trim. Approx. 400 yards per placemat.

Hook Size: #7.  
Finish size (without fringe): 14 x 10¼ inches

## Stitches Used:

**Double-Crochet Bobbin.** Double-crochet, leaving last loop on hook, then double-crochet in same stitch again, pulling last loop through all three hoops.

## How to Start

Cast on (chain) 103 stitches. Chain 2 to turn. (Use this chain 2 to turn all subsequent rows, too.) Do one row of double-crochet bobbins (103 of them); then do two rows of — one bobbin, 101 double crochets, and then one bobbin. The fourth row, just before the placemat design, is 1 bobbin, 5 double crochets, 91 bobbins, 5 dc, one bobbin. Turn and get into the grill design.

## How to End

The end border is simply a reverse of the beginning border, above. Do one row, just after the placemat design, of 1 bobbin, 5 double-crochets, 91 bobbins, 5 double-crochets, one bobbin. Do two rows of one bobbin, 101 double-crochets, and then one bobbin. Then do one row of bobbins. **Note:** To increase the size of the placement, you can add rows of double-crochets all the way around before doing the trim (see bottom-left cream/maroon photo). Double-crochet three times in the same corner stitch to turn the corners.

## Trim

To smooth out the squarish shape of this placemat, stepped rows were added to the sides. Tie on your thread. Simply double-crochet along the edge (three double-crochets for every side-turned row), and stop when you come to the last two rows. Turn, and slip-stitch back over 5 stitches. Chain 3, and double-crochet along until you get to the last 5 stitches. Turn, and slip-stitch again back over 5 stitches. Chain 3 and double-crochet along, stopping when you get to the last 5 stitches. Tie off. For the fringe, an easy way is to insert the hook into a stitch, pull through the thread lying on top of your finger, tighten and knot it. You'll have evenly sized loops to snip for the fringe.

**Left to Right:** A double-crochet and two chain stitches.

**Zodiac placemat pages are arranged alphabetically.**
